## Funding

FAES's core mission is to provide affordable academic courses that remain accessible to working professionals and researchers who are interested in furthering their education and career goals and meet the applicable prerequisites for the course.

FAES provides limited partial scholarships, offering up to 50% tuition discount per credit, to eligible students in need of financial assistance and who can make a short and compelling justification as to how the respective FAES course would help them in their career or professional development. The award of a scholarship is contingent upon the recipient taking the course for credit and completing the course satisfactorily, which is determined as "C" or above, or "Pass," when the course is graded on a Pass/Fail basis.

The **FAES Student Scholarship Fund** provides partial scholarships to postbac, graduate, and postdoctoral Fellows as well as NIH, non-NIH government or non-profit employees with limited income working in the research, practice, or education of health sciences.

## How to Apply
