

GENL 322: GRE Review

This review course will prepare students for the Graduate Record Examinations (GRE) General Test. Initially, the focus will be on content and test-taking strategies for the Quantitative, Verbal, and Writing portions of the General Test. Numerous example problems will be conducted during class to reinforce the concepts and strategies that will be discussed by the instructor. In the final weeks, students will take full GRE exams as homework and discuss the solutions to problems. The lectures will be interactive, with student participation strongly encouraged. All homework materials will be taken from the Official GRE Verbal and Quantitative Reasoning Practice Question Books or from Official GRE Practice Tests that are provided by ETS (the makers of the test).
