

GENL 510: Empathetic Communication in Clinical Care

This course is ideal for anyone interested in developing and strengthening their empathetic practice during patient interaction. This course will focus on trust building as a foundational tenet of quality care, and self-awareness/self-monitoring as a means to convey empathy and compassion when communicating in a healthcare landscape.

Credits: 3

Class Type: Graduate Course

Program: Languages and General Studies

Availability: Fall 2021

Session: Session B
